Software Engineer | JavaScript | React | Node

Experience in interface construction, API development and integration, agile development practices, and complex problem-solving.

Key Competencies:

Programming Languages:	JavaScript • TypeScript • Python
Frameworks:	React • React Native • Next.js • Node.js • NestJS • Express.js • Django
Libraries:	Bootstrap • Tailwind CSS • Three.js • GSAP • Sass • Jest
Management:	CI/CD • SCRUM • OOP • SOLID • AWS • Amplify • Docker • Agile Development
Languages:	English • Spanish • Portuguese

Selected Achievements

• Achieved a projected valuation of over $1.0 million on a startup company, connecting more than 100 subscribing companies.

• Secured significant investments from acceleration investors, demonstrating the platform's growth potential.

• Developed a town-scale, Uber-like mobile application using React Native, facilitating over 100 daily deliveries and fostering on-demand services within a localized area.

Professional Experience

Hubbi, Natal, RN   **09/2022 - 01/2024**
Software Engineer & Front-End Leader

Activities:
• Led the design and development of a B2B automotive parts marketplace startup.
• Implemented and optimized features such as payments, plans, auth, dashboards, and many others.
• Integrated CI/CD pipeline and made pull requests, code reviews, unit/integration/e2e tests.
• Solved various UX/UI problems, including "*Innovating the list view to improve product detail visibility*".

Technologies:
• *React, Tailwind, Node, Next, Redux, Python, Django AWS, and EC2.*

Tootz, Natal, RN   **01/2022 - 09/2022**
Software Engineer

Activities:
- Development of institutional blogs and landing pages.
- Redesign of the interface of the landing page and the "Gamemind" blog.
- Facilitated maintenance and updates of blogs and landing pages.
- Improved user experience and increased the platform's score by 30%.

Technologies:
- *React, Node, Next, Express, Tailwind CSS, GSAP.*

Fretec Deliveries, Natal, RN   **02/2021 - 12/2021**
Software Engineer

Activities:
- Developed a mobile application similar to Uber on a municipal scale using Expo.
- Implemented essential features including features of authentication, recruitment, payment and many more.
- Achieved an average rating of 4.6 stars with over 460 reviews.
- Designed and built a friendly and intuitive interface.

Technologies:
- *React Native, Node, Express, React, Styled Components, Expo.*

Workana, Natal, RN   **01/2020 - 02/2021**
Software Engineer, Freelancer

Activities:
- Development of web applications, covering various functionalities and sectors.
- Intensive practice of new technologies, focusing on improving programming skills.
- Significant improvement of programming skills and mastery of 5 new technologies.
- Successful application of the learned technologies in 8 practical projects.

Technologies:
- *React.js, Next.js, Bootstrap, Tailwind, Vite, HTML, CSS.*

Education

Federal University of Rio Grande do Norte – Major in Computer Engineering (2021)
